FORM #4

NMP Summary Report – 2015 Crop Year

Refer to your Nitrogen Management Plan for information to complete this form*

Year Crop Harvested (Box 1): 2015 Submittal Date: _____

Member ID (Box 2): _____ Member Name (Box 3): _____

All calculations should be on a per acre basis.

Site Location Information[1]	Crop	Total Acres	Total Available N Applied pounds per acre	A/Y Total Available N / Actual Yield[2]	Actual Yield[3] Per Acre	Production Unit[4]
Management Unit	Box 6	Box 10	Box 22 + Box 25	(Box 22+25)/Box 11	Box 11	Box 7

[1] Site location information refers to information to be used to link a parcel enrolled in a coalition to the reported information; this may be the Assessor Parcel Number (APN).

[2] For Non Bearing, fill in NB. For No Yield, fill in NY.

[3] Actual Yield is not required; this column was added to assist growers with required A/Y Calculations.

[4] See the Crop Specifics Sheet enclosed for the specific crop name and production (yield) units. Pounds is the preferred production unit.

*Box number refers to the 4-page nitrogen management plan distributed by SJCDWQC.
